

CTN used to be upstairs. This was the door that I went in to get to CTN.

Now CTN moved downstairs. This is the door that I will go in now.

I did go into this door to get into the waiting room at CTN.

Now I go down this hallway and into this door to get to the waiting room.

I will put my shoes in this new shoe spot. It is right by the waiting room. I can do this as soon as I come in to CTN.

The old CTN waiting room looked like this.

This is the new CTN waiting room. The toys I liked to play with are still here! And there is Jeannie's window!

This is the old big room. We called it the elephant room.

This is the new big room. It is called the BLUE room. I can play in the new loft and go on a scooter board ramp!

Here is the old zebra room.

This is the new zebra room. It is called the PURPLE room. I can play on 2 more lofts and look for a secret passage in here!

This is the old turtle room.

This room is like the turtle room. It is called the YELLOW room. I can play games, color, and write in here.

We have 2 new rooms. This is called the GREEN room. I can swing, jump, and play large movement games in here.

This room is the kitchen. I can eat and play with messy things in this room.

I am going to have lots of fun at CTN's new places to play.
